

# Decked Out in the City

A WALKING TOUR of DECO-ERA BUILDINGS  
AND NEW YORK GLAMOUR

**With NYC Tour Guide Deborah Zelcer**

Step off the sidewalk and back in time to the glamorous twenties. Explore the backdrop of that romantic and high living era by joining NYC Tour Guide Deborah Zelcer to view magnificent period lobbies in buildings including the Waldorf Astoria, the Fred F. French Building, and the iconic Chrysler and Empire State buildings.

These opulent landmarks are local place markers in the chronology of architectural form. Learn about the frenzied "one-upsmanship" that bred the 1920's race to build the tallest building in the world, and the colorful characters that competed in it, forever transforming the skyline of New York and creating a vivid new language of architectural style. Brunch on your own in the area will be followed by this 2-hour tour.

*DEBORAH ZELCER enjoys illuminating the social, political, technological and economic contexts which have shaped buildings and cities throughout history. After receiving a Bachelors degree in Architecture from Washington University in St. Louis, she worked for various commercial and residential design firms. Deborah discovered the joy of entertaining audiences with tales of urban evolution after a stint in the Moth Storytelling Workshop, coupled with leading Jane's Walk tours for the Municipal Art Society of New York.*
